VOLUME LXV., NUMBER 15. REDWOOD CITY, SAN MATEO COUNTY, CALIFORNIA, SATURDAY, JULY 11, 1925. ESTABLISHED 1859

COUNTY VALUATION ON UPWARD CURVE

The valuation of San Mateo county is $2,914,245 more than it was last year according to the report of Assessor Dan Flynn filed this week with the board of supervisors of the county. The total valuation of the county according to the report was found to be $42,150,370 as against the valuation of $39,233,125 of last year.

All of this gain has been made by the cities of the county, the outside territory losing instead of gaining. The loss to the outside territory, however, was not due to the county going backward, as might appear, but to the annexation of large trcts to some of the incorporated cities with a consequent loss to the county at large. The incorporated cities gained $2,196,500.

Of the cities the greatest gain was made by Atherton. This was ot entirely due to the annexation of two large tracts and not by the growth of the city. Redwood City gained $441,595 during the year by growth alone. The valuation of this city is now $2,118,825.

The growth of the various cities is shown by the following figures which give the valuation for this year and last year as well is the gain:

San Francisco	$2,250,850	$ 53,170	
Belmont	1,095,260	170,200	
San Bruno	940,750	80,330	
Burlingame	5,140,600	324,885	
San Mateo	4,595,600	440,375	
Redwood City	2,580,330	441,595	
Menlo Park	2,275,980	925,105	
Lawndale	572,850		

The total valuation of the cities of the county is given at $24,077,360. That of the townships is given as $18,073,010 divided as follows:

First township, $5,215,550; Second township, $3,545,340; Third township, $6,318,350; Fourth township, $1,890,270; Fifth township, $1,103,500.

DAIRY DELIVERY CO. OPENS OFFICE HERE

The Dairy Delivery Co. of Burlingame has opened a branch office in the new building in the Perry subdivision 644 Broadway. This company has been serving this district with milk, butter and eggs for several years and the growth of their route here has warranted the opening ot a branch office, according to G. S. Perham, manager of the concern.

The opening of the office here will mean the addition of three families to Redwood City as the three employees of the company who will be employed here are now moving to town and will reside in Redwood City. Perham announces that with the opening of the office in Redwood City the company will begin the delivery of orders received by phone. All orders received by 3 o'clock will be delivered the same day.

JEWISH SOCIETY FORMED FOR INDIGENT BURIAL

Articles of incorporation were filed in the office of County Clerk Elizabeth M. Kneese this week by the Chevra Kadisha. The Chevra Kadisha or Holy Society is a Jewish organization formed for the purpose of giving indigent Hebrews burial, according to the ritual of their religion. The officers of the corporation are A. M. Sommers, H. N. Schoenfeld, Joseph Siebel, Israel Friedman and Solomon Hoffman. The principal place of business of the organization is in San Francisco.

MRS. F. C. HESS DIES OF HEART TROUBLE

Death came suddenly to Mrs. Flora C. Hess of 1025 Grand street Saturday morning, as the result of heart trouble. Mrs. Hess was found dying by her son Elmer Hess. He summoned assistance immediately, but she had passed away before any help could be given. The deceased was the widow of William A. Hess, who passed away several years ago. She was a native of Indiana and 65 years of age. She is survived by two daughters, Mrs. Fern Thompson of Bakersfield and Mrs. Bell Corbin and a son Elmer E. Hess. Funeral services were held Tuesday from the parlors of Layng & Tinney.

One Dead; One Injured in Wreck

A ride from the coastside through La Honda proved fatal for Benjamin Ring of this city, who was riding with Mr. and Mrs. Duchin, William Guiny and Tim Sullivan in Duchin's car Sunday.

Duchin was driving toward Redwood City from La Honda and was near the Weeks ranch on the La Honda grade, when for some reason which he could not explain the car ran over the left hand bank of the road and turned over as it rolled down the hill. Sullivan suffered internal injuries and was taken to the Community hospital by Sheriff T. C. McGovern, who was summoned to the scene of the wreck. The other passengers were not considered badly hurt and were brought to town by passing motorists. Ring was taken to the Community hospital by Officer Stanley Woods of the local police force, for treatment for abrasions.

Although not apparently injured very badly, Ring contracted lobar pneumonia as the result of the abraisons which he received and died Tuesday evening. He was buried Thursday from Mt. Carmel Catholic church, interment in Holy Cross cemetery in Colma. The inqdest was held Wednesday in the parlors of Layng & Tinney in this City.

The deceased was 25 years old and is survived by his father. He was a native of Ireland.

Tim Sullivan, who was also injured, is still in the hospital, but will, it is thought, recover. He received internal injuries. The other occupants of the car were not injured.

ZANE GREY'S STORY TO BE SHOWN HERE

Again Zane Grey and Paramount have joined hands in glorifying the Great West, and the result of their painstaking effort will be revealed at the Sequoia theatre next Monday and Tuesday, July 13 and 14. "The Light of Western Stars" is the rather brilliant title of this new photo-thriller, and, as is typical of practically all Zane Grey stories, it depicts another glorious, colorful phase of the early, romantic West.

This time it's the Arizona cattle country back in those adventurous days when it was America's last frontier, that provides the picturesque setting for the stirring story of action, drama, conflict and love. From the moment the plot introduces Jack Holt as the daredevil cowboy, Noah Beery as the bandit chief and Billie Dove as the adorable heroine, the picture grips the interest like a vise and holds it till the final fighting finish.

All the essentials of Mr. Grey's original story have been carefully preserved by George C. Hull and Lucien Hubbard, who made the screeen adaptation, and with the added advantage of marvelous desert backgrounds, the production has an air of realism that is refreshing in its details and significant because of its historic values.

To William K. Howard, the youthful producer, goes the major share of the credit, for it is in his shrewd and resourceful direction that lifts "The Light of Western Stars" out of the class of the purely melodramtic westerns into thé realm of the epic photoplays.

Although the theme of the story concerns the mighty struggle between the forces of outlawry and the forces of law and order, as typified by Beery on one hand and Holt on the other, it gains dramatic intensity when those two clash for the love of Miss Dove.

The action reaches a point of tremendous suspense when Beery captures Miss Dove and Holt, and forces the latter to take the "walk of death"—a favorite form of execution at that time, in which the victim is apparently turned loose only to be shot as he makes a dash for freedom. Holt's escape and the startling developments that follow furnish plenty of excitement and some brand new thrills.

"The Light of Western Stars" has everything the average movie-goer looks for in film entertainment!

BABY DIES IN AFRICA

Mr. and Mrs. C. H. Woodhams received the sad news this week of the death in Africa of their little grandson, son of Dr. and Mrs. Roy Woodhams. The little fellow was eleven months old, and was born in New York before the doctor and his family were returning to their mission in Africa after their visit here last year. The cause of death was malaria.

CEMENT DUST WILL SOON BE ELIMINATED

The Portland Cement Company's plant here was closed this week in order to install new machinery that will control the smoke and dust that has been escaping to the detriment of the surrounding country. With this under control the company will increase the capacity of the plant to meet the demands made upon it for the excellent product it is manufacturing. Ships of large tonnage arrive almost daily to convey the cement to other ports. Of late much of the output has been shipped to Portland, and other northern cities. Large quantities are sent by rail to the interior of the state and as far east as Salt Lake city. The company has a market for all the cement produced here.

REDWOOD CITY IS PEACEFUL TOWN

The percentage of crime in Redwood City is very low according to the report filed this week by Chief of Police Collins for the month of June. During the month the report shows there were only 21 arrests, most of which were for minor crimes. Five of the arrests were for disturbing the peace; 5 for violation of the Wright act; and the remainder were as follows: Section 121 C. V. A., 2; runawy 1; vagrancy 1; drunkeness 4; section 228 P. C. 2; burglary 1.

The remainder of the report shows the work of the department for the month as follows: 17 doors of business houses were found unlocked at night and the owners notified; 129 phone calls were answered inside of the city and 12 outside; 9 traffic arrests were made and the department took charge of 2 traffic accidents; 12 men's finger prints were taken; and 2213 miles were covered by the department's cars.

The report of Mark Ryan, as fire chief was also filed, showing that the department had gone to 10 grass fires; 1 chimney fire; 2 residence fires; and the fire of the P. G. & E. substation.

SAN CARLOS ELECTION RESULTS IN SUIT

Charging that the election for trustees of the new town of San Carlos was conducted irregularly, J. W. Davis, one of the defeated candidates this week began suit in the Superior court here. Davis demands that the votes be recounted, and that he be declared a member of the board.

In the election which was held in San Carlos on June 22 by the vote count it was declared that Davis had received 68 votes. He names as defendants in the suit, John B. Bryan, W. J. Scott, and George Sesnon who received 72, 81, and 77 votes respectively. The case has been set for July 23.

MASONS ENJOY TALK ON CEMENT MAKING

J. Morris, chief electrician at the plant of the Pacific Portland Cement Company here, gave an interesting and instructive address before the Masonic lodge Thursday evening. The process by which cement is manufactured, the different types of manufacture, the machinery for making the product and the history of cement were all taken up in an interesting manner.

The local plant, Morris stated is the largest consumer of power on the peninsula, not even excepting the great steel mills. He also stated that the local product has been found superior to that manufacturel previously to the opening of the plant here. The great advantage of the local plant over others in the state, Morris said, is the fact that deep water ships can be loaded directly from the bins of the mill without the necessity of shipping by rail. This he stated will prove a big asset to Redwood City.

Mr. and Mrs. Arthur Swift left Thursday for the Yosemite Valley, where they will spend their vacation.

City Briefs

Mr, and Mrs. J. L. Pipkin and daughter, Miss Lillian Pipkin, and Miss Gertrude Hind have returned after a motor trip through the northwest and into Canada.

Miss Marjorie Klee, daughter of Mr. and Mrs. Henry Klee of this city, left Monday for Tucson, Arizona

Mr. and Mrs. Perry Downs and family returned this week from a camping trip in the the Big Basin.

Mr. and Mrs. N. A. Andreen of Redwood City are spending a few days at Yosemite Lodge in Yosemite National Park. Both Mr. and Mrs. Andreen were delighted with the luxuriently fresh and green appearance of Yosemite at this time, and particularly with the many waterfalls, which are still pouring merrily over granite cliffs with great volume.

Mr. and Mrs. A. A. Arends and daughter, Miss Margaret, were visitors to the Big Basin last week. On the Fourth they motored to Santa Cruz, where they spent Saturday and Sunday. They were accompanied by H. Biron, who has been spending the past season in Redwood City. Upon their return Monday, Mr. Biron left for his home in Nevada.

Al Davies, Emmit Corwin and Frank Griffin are expected home shortly from a boat trip to Alaska.

Mr. and Mrs. Wilbur Doxsee are receiving the congratulations of their friends upon the arrival of a baby boy, born Monday at the Palo Alto hospital. The little stranger has been named Clarence.

William J. O'Brien, manager of the Sequoia Theatré here with Mrs. O'Brien and their son, Jack, are spending a few dys in Santa Cruz and Monterey.

John T. Carl of this city is visiting with his mother in Hemit in the southern part of the state for a few days.

Mr. and Mrs. Lee Scott of San Francisco, parents of Assistant District Attorney Edmond Scott were visitors in Redwood City Wednesday. Mr. Scott was formerly a resident of Redwood City. While here they visited with Mr. Scott's cousin, C. H. Locker and family.

Miss Avis Vallencour was an arrival Monday from Yerington, Nevada, on a visit to her sister, Mrs. Robert Branton.

Miss Elenor Falvey, chief deputy in the office of County Clerk Elizabeth M. Kneese, has returned after a two weeks' vacation spent in the Yosemite Valley.

Miss Ruth Whitehead, who graduated this year from the Sequoia Union High School, left Tuesday for Los Angeles, where she will spend the summer with her aunt.

"Shorty" Biron, who has been employed for a number of months at the Peninsula Planing Mill here, left Tuesday for Yerington, Nevada. He will remain in the Sage Brush State for the winter and will return to California in the spring.

Mr. and Mrs. Charles Lambert enjoyed a visit from Mrs. George Davis and three children of Millbrae for several days this week.

WAR OF PAVEMENTS CONTINUED BY BOARD

The struggle for commercial supremacy between the salesmen of concrete paving and oil paving which has served to break the monotony of the past few meetings of the board of trustees of Redwood City, broke into a fresh spasm last Monday, when the matter of paving several streets in the south west corner of town was again brought upon the tapis. This matter occupied the board for several hours and at times appeared to savor strongly of a neighborhood row. At the end of that time the board laid the matter over in order that it might find out what the people wanted.

The matter was brought before the board this time by the presentation of the third petition for the paving of these streets, which are in what is called the Eagle Hill tract. The first petition for this work was presented on June 4th. This petition asked that the streets be improved and that they be paved with the Vibrolithic cement, a patented concrete.

At the next meeting a second petition was presented by George Alvis and signed by a large number of the property owners of this district. This petition asked that an asphaltic pavement be used. Several of the signers of the first petition had also placed their names upon this second petition. At each of these meetings a large amount of time was consumed in argument between salesmen of the two types of pavements and between property owners who desired some particular type of pavement.

The petition presented last Monday evening was another request for the cement type of pavement, and its presentation resulted in the usual argument. The matter will again be taken up by the board on July 30, by which time it is hoped the people will have come to some conclusion as to the type of road they desire. A pertinent suggestion was made by one of the property owners of the district, who stated that if the board could prevent the pavement salesmen from bothering the people that they would have no trouble in arriving at a decision. He had been called upon by one or more salesmen every evening for the past two weeks, he stated.

Following the laying over of the consideration of work on the Eagle Hill streets, the board took up the matter of hearing on the streets in Mezesville section of the town, a matter which had been set for hearing at that time. The only objection was made by Chase Littlejohn, who stated that the cost of proposed street work around his property would be more than the whole property was worth. The matter was continued for two weeks, but it is the opinion of the board tht this road work must be done, and that no exceptions can be made. The fact that Leonard & Holt are expecting to open a large tract, just north of these streets as a residential district, will make the improvement of these streets imperative.

A bid was received from the Standard Fence Co. of $831.90 for the construction of a fence around the city water works. This was the only bid received, and City Engineer Dimit stated that the price was reasonable.

Bids were received for the installation of a booster pump at the water works. This contract was let to the Fairbanks Morse Co. for $1375.

Another matter which had occupied the board for several meetings was again brought up, and was this time disposed of. This was the complaint of P. Clarkin against the A. Hess C. concerning the grade of the spur track recently laid by Hess. Hess was present at this meeting for the first time, and the board after hearing Hess' explanation of the matter decided that there was no reason for the complaint, and the matter was dropped.

The remainder of the time of the board was taken up with granting dance permits, permission for the placing of poles by the P. G. & E. Co. and other routine matters.

MABIE APPOINTED LOCAL POSTMASTER

According to word received this week from Washington, Carl Mabie of this city has been appointed postmaster for Redwood City. Mabie will succeed Miss May Cook, who was appointed temporarily to succeed Wm Dusel. Mabie will assume his duties in the office immediately.

The appointment of Mabie to the office was not a surprise, as it was announced recently by the government that the choice lay between Mabie, Frank Fitzpatrick and James Swift. Swift later announced his intention of not accepting the position so that the choice lay between Fitzpatrick and Mabie.

Mabie is a member of the board of trustees of the town of Redwood City, and is district manager for a large insurance company.

REDWOOD CITY GIRL IN PASADENA CONTEST

Redwood City will be represented in the national women's trackmeet to be held at Pasadena today. Miss Alda Silva, a graduate of the Sequoia Union High School with the last class will be one of the four girls from the northern part of the state who are entitled to entry in this national contest.

In her school activities, Miss Silva made a record as an athelete which will probably not be matched for a long time to come. She has tied the world's record in the sixty-yard hurdles and holds the coast championship in the fifty-yard dash.

In the contest today the local girl will run against Helen Filkey, the world's greatest girl cinder path star. Miss Silva left this week for the southern city and has been practicing there for the big event.

$20,000 SUIT IS FILED IN COURT

Former Assistant District Attorney John Machado was in town this week in regard to a suit which he filed in the Superior court here. The suit is for Greta Peterson and Alma Goyette and is against the International Indemnity Co.

The suit is the result of an automobile accident in which C. P. Peterson was killed in November 1921 by a car driven by Louis A. Bauer. Suit was brought and the present plaintiffs were given a judgment against Bauer for $20,000. As Bauer was insured by the defendant company, suit is being brought to make the insurance company pay the judgment.

Manufacturer Seeks Location

Representatives of a company which is seeking a location for a large manufacturing plant in town this week are looking over the manufacturing sites near the cement works. It is the plan of thisconcern to secure two or more acres of industrial land here, if possible, and begin immediately the construction of a factory where motor street sweeping machines will be made. This is a new concern and has patents for a new type of street sweeper, which it is said, is far in advance of the sort manufactured now.

The representatives of the new company were interviewing local business men this week with a hope of finding a desirable site for what they expect to develop into a large plant.

WOODSIDE

The wedding of Miss Eleanor Fleishacker and Mr. Leon Sloss will take place on August 15th. The ceremony will be performed in the garden of the home of the birde's parents, Mr. and Mrs. Mortimer Fleishacker here at Woodside. The place is one of the most beautiful along the peninsula and the deep lawn before the house will make a splendid setting for the wedding. The birde's cousin, Miss Marjorie Fleishacker will be the maid of honor and Louis Sloss will be his brother's best man. The engagement was announced in May, soon after Miss Fleishacker's graduation from Mills College.

Mrs. Herbert Allen has moved down to the Jackling place for the rest of the summer. The Jacklings are dividing their time between San Francisco and Woodside. It is reported that Miss Frances Jolliffe, another sister of Mrs. Jacking, is to have a house built for her on the old McIntosh place which adjoins the original Jackling place and which was acquired by Mr. Jackling during the winter.

Public thanks are due to those who erected the archway entrance at the beginning of the La Honda grade. It is built of selected redwood logs and is an appropriate and artisitic addition to the roadway. Mark McCann is preparing to erect an entrance gate of redwood logs to his new subdivision known as Woodside Glens.

The opening of this new subdivision has raised a very interesting legal qestion. Between forty and fifty years ago a portion of the Arguello holdings was sold to several purchasers. At that time William Byrne's father and the predecessors in interest of Mark McCann purchaged adjoining properties. An ancient fence line was assumed by all parties to be the dividing line of the properties, and has been so accepted by all the parties in interest during those forty odd years. During the survey for his subdivision, McCann claims to have discovered that the ancient fence line is not the dividing line, but that he should have thirty acres out of the Byrne orchard. Mr. Byrne claims according to the old line. It will take a court of law to determine the equities.

Alda Silva left on Thursday for Hollywood to take part in the State athletic meet for girls. She will compete in the dash and in the hurdles and if she is not handicapped by the injury she received at the meet in San Francisco a month ago, she should bring home some more silver cups to keep company with the many she has already won.

The picturesque redwood grove of Fred Mighall's place has been the scene of many festivities during the last few weeks. On Thursday of this week Mrs. Mervyn MacArthur entertain ten of her Redwood City friends in the grove and on Friday Mrs. Hanry MacArthur and Mrs. Fred Mighall gave a luncheon there for an even dozen of their friends from the the City and from Woodside.

Judge Griffin yesterday afternoon sentenced 28 violators of the traffic laws, fining each $5 for using illegal headlight lenses. The defendants were caught at Menlo Park by the traffic officers last Monday night when a test was made by all the officers.

DUMBARTON BRIDGE TO BE COMPLETED IN OCTOBER

Work on the Dumbarton bridge is being pushed as rapidly as possible by the management. Fifty extra men were employed this week to aid in the work. This makes a total of 200 men now at work. Nearly all the cement piles have been put in and the first span was put in place last week. A big dredger is at work dredging for the new road or approach at the rear of the Carnduff property. This will soon be constructed when the old Carnduff thoroughfare will be taken over by the bridge company. This street leads to the Bay road.

The bridge company says the bridge will surely be completed by October. A suit for a right of way over the Schilling property across the bay has been started so the approaches on both sides twill be constructed and in readiness when the bridge is finished. The completion of this bridge will mean much to the whole peninsula. A new era is to start, a new road of travel is to be provided for the people of the San Joaquin valley and new territory is to be developed and more trade is to be brought to this locality that would otherwise find an outlet to Oakland. The benefits of the Dumbarton bridge can hardly be realized at present. Time will demonstrate this.

WIFE OF B. D. BUDWORTH DIES IN SANTA CRUZ

Mrs. Kathryn Budworth, formerly of ths city, passed away last Sunday morning in Santa Cruz. Mrs. Budworth was the wife of B. D. Budworth, for many years connected with the Standard Publishing Co. She was well known in this city and was a member of Olive Branch Rebekan lodge and of the Sequoia Chapter O. E. S. The funeral was held Tuesday in Santa Cruz.

Mrs. Budworth is survived by her husband, and by a young son who is now in the hospital as the result of being struck by a car in front of his home a short time ago.

SISTERS, BROTHER MEET AFTER FORTY YEARS

After a seperation of forty years T. K. Daugherty of Fort Wayne, Indiana, is visiting his sisters, Mrs. H. B. Whitney and Mrs. A. S. Touhy, of this city. Mrs. John Holms, Sr., of Hoopston, Illinois, who has not seen her sisters here for nine years is also a visitor. The reunion in this city after forty years has been planned for years but was never before possible. Mrs. Holms and Mrs. Daugherty were accompanied here by their neice, Mrs. A. W. Wilson of Lexington, Ky., who met her two aunts here for the first time.

The eastern people are much delighted with this part of California, and were surprised with the manner in which the vegetation flourishes in California. They will remain amout a month and take in the points of interest around the bay. Mr. Daugherty is connected with a school for feeble minded youths in Indiana.

LOCAL PIANO INSTRUCTOR ATTENDS STATE CONVENTION

Mrs. Bostwick Barnes, piano instructor of 812 Brewster street, attended the state convention of music teachers hed at the St. Francis hotel on Tuesday and Wednesday of this week. One of the outstanding features of this meeting was a lecture by Professor Hardcastle of Palo Alto on tone production. Prof. Hardcastle is one of the greatest modern authorities on tone production and the mechanics of piano music, and his talk was much appreciated by the assembled musicians.

The program also contained a large number of selections from Cilfornia composers and discussions upon musical subjects. Mrs. Barnes is a musician of no little ability and is gaining an enviable reputation locally as a teacher of the ivory keyboard.

Mrs. Harry Potts, son Henry and two daughters are spending the vacation at their summer home at Capitola.

A POLITICAL RUSE

A question which has agitated the minds of many people of late appears to be clearing. And many who have wondered at the great interest W. J. Bryan has been taking in the Tennessee education case are beginning to see a reason behind the often erstwhile presidential candidate. Side by side with account of the active part which the "16 to 1 orator" is taking in Dayton, Tennessee, are beginning to appear in the democratic papers of the country stories of the possibility of Bryan as a candidate for president.

The whole affair now begins to look like a great advertising scheme by which a party out of power is seeking to groom one of its great men to fill the shoes of President Coolidge. The attempt is as disgraceful as it will be fruitless. To gain a position which they could not hope to secure by political means, it now appears that the party out of power would seek to stir up a religious issue where none exists, and would even attempt to abridge the freedom of thought of the nation.

Evolution, as it now exists, is a scientific question, not a religious one. Many of the leading clerics of the country are heartily in favor of the evolutionary theory, in which they see no divergence from the teachings of religion. Many scientists cite the Bible to explain their theories. The effort to make a religious issue of the case in Tennessee is a political move, and is becoming understood as such.

The proposed action of Bryan in securing a constitutional amendment against evolution is laughable and strongly reminds one of the time when King Canute, sitting on the sands of the shore at low tide, ordered the ocean to stay back.

The whole affair is a wonderful advertisement to Dayton, one worthy the attention of Los Angeles. Everyone has an eye on Dayton. To some the affair is a joke, some think it a disgrace, some side strongly with one side or the other, but as far as evolution, public sentiment or the presidential campaign is concerned the whole matter will have not the slightest effect. Bryan will not win the unqualified support of the churches, as there evolutionists and anti-evolutionists inside and outside of the churches, and the matter cannot be made to take a religious aspect. And the advertising which the silver tongued orator is getting will loose him as many supporters as it will gain.

A GOOD ORDER

THE NATIVE SONS OF THE GOLDEN WEST are today celebrating the fiftieth anniversary of the founding of their order. During the time that the Native Sons have been in existence they have become one of the best known fraternal organiaztions of the state and now number many thousands among their members.

We believe strongly in the work which the Californian order is carrying on in the preservation and labeling of points of historic interest in the state. Too often the nearness of time hides the interest of places which future generations will recognize as historical and romantic. Then very frequently the exact place where the event which adds charm to the locality is forgotten and many of the little events which would lend human interest to the events of history are lost.

It is to preserve this heritage of tradition and romance that the Native Sons have set before them the task of seeking out and placing monuments at such places and labeling the points of historic interest. Then, too, they are gathering much data which will be of great historic importance to future generations of the state. The order has behind it a half century of valuable work. We hope that for many centuries to come it may continue in its service to the state and nation.

THE TRUTH WELL TOLD

A good advertisement is the truth well told," says A. H. Deute, advertising manager of the Borden Milk Co., and the word of such a man can well be relied upon as the product of years of experience in a continent wide sales campaign. Mr. Duete follows up his statement with a bit of advice for advertisers which we are pleased to pass on to our readers:

"The man who uses the newspapers tells his story quickly and directly to all the people in the territory covered by the circulation of those papers. In your ads, be straightforward—be sensible! The attempt to use clever witicisms in ads has done more to ruin advertising that any other factor. Don't be sensational. Tell the simple, unvarnished truth about your product. Invariably your readers will appreciate it and come to your store rather than go to the place of the merchant who exaggerates his product. Poor goods cannot be sold by sensational advertising. The good ad is the truth well told."

TELEPHONE HISTORY TOLD AT MT. HERMON

John D. Worthington, district manager of the Pacific Telephone & Telegraph Company, was a visitor at Mt. Hermon last week, where he gave an address before the Mt. Hermon Association on "The Bell System, Its Aims, Purposes and Accomplishments."

Mr. Worthington's address which is an outline of the Bell System from the invention of the telephone and the early struggles of Dr. Alexander Graham Bell, the inventor to gain recognition for his marvelous device, to the present wide-flung development of the system, has been given before a number of groups locally and elsewhere and has been productive of much favorable comment.

DISTRICT ATTORNEY RETURNS FROM EAST

District Attorney Franklin Swart is once more at his usal place of business. After an interesting and enjoyable trip through the middle west and as far east as Chicago, the district attorney is glad to be back in California. Mr. Swart was accompanied by his wife and son, and spent much of his time in showing them his boyhood home in Indiana. The heat, he states, was intense, and at one time almost overcame Mrs. Swart. He is more convinced than ever that in San Mateo county can be found the perfect climate.

REPORT OF HORTICULTURAL COMMISSIONER FOR JULY

A number of plant diseases, due to seasonal conditions, have been reported during the month. These have occurred throughout the state and have caused considerable damage in some sections, but have not proven very serious in this county, except in a few cases. The diseases which have been most frequently called to our attention are as follows:

Peach Mildew

First frosty spots appear which soon turn brown and the affected skin hardens and cracks. The flesh may become tough and molds gain entrance through the cracks which may cause soft rots. Attacks have not been sufficiently severe to warrant any treatment other than cutting out the affected twigs.

Western Blight of Tomatoes

Western blight on tomatoes has been widespread and has caused considerable loss in some sections. The characteristics of the disease are rigid, downward inclined, branches, with brittle, yellowish-green leaves turned upwards at the margins. In the early stages the veins of the leaves are purple.

Good cultivations, with conservative irrigation will assist recovery of the plans. Those badly affeced should be removed and burned.

Onion Mildew

A violet furry tint first appears upon the leaves which very soon turn yellow and the tops may collapse entirely. Soft rot may follow in the bulbs.

Bordeaux mixture (4-4-50 formula) with some form of "sticker" such as kayso, will control this trouble.

Sycamore Disease

Several complaints have been received regarding sycamore and plane trees. Two troubles have been encountered. First, a mildew which causes a downy growth on the leaves which later become discolored and die, and second, anthronose which turns the leaves red along the veins and causes them to drop.

Spraying with Bordeaux, as recommended above, will help control mildew and excessive irrigation should be avoided. The second disease usually soon disappears of itself and new leaves are formed.

Fungus of Grapes

Considerable damage has been caused locally by a seasonal disease attacking grapes. Soft rot developed in the berry stalk which turns soft and brown, reddish brown spots affect the leaves and the berries turn dark and decay. This disease does not develop except under high atmospheric humidity so the recent warm weather has probably arrested its progress.

The diseases mentioned, with some minor ones, have been the occasion of over two hundred calls upon this office during the month.

The vegetable auction has removed from Colma to San Francisco so inspection of potatoes has been temporarily discontined. 470 boxes were condemned during June as "deceptive pack." This was less than one per cent of the potatoes inspected, showing that the majority of the growers are trying to observe the law.

But little planting of nursery stock is now going on, there being but 186 shipments received in June, 152 shipments of 4432 plants from within the state and 34 shipments of 5892 plants from the east. Total plants inspected, 10,324.

Respectfully submitted,
A. W. TATE, Jr.,
Horticultural Commissioner San Mateo County.

Menlo Park Incorporation Postponed

The matter of the incorporation of the town of Menlo Park will be taken up by the board of supervisors of San Mateo county on July 20, according to present plans. The postponment of the hearing was granted by the board at the request of Attorney A. J. Stebenne, representing the petitioners in the incorporation proceedings.

Stebenne also appeared in the matter of the incorporation of the town of San Carlos and offered a resolution declaring the establishment of that municipality as a city of the sixth class. This resolution was passed by the board following a canvass of the votes of the election held at that place on June 22. The returns showed that the incorporation proposal had carried by 157 to 26 votes. The board also canvassed the vote of the election held for the formation of the Diamond Utility district in the Visitacion section on June 16.

The assesment rolls of the county were presented to the board by County Assessor Dan Flynn showing an increase in taxable property of over four million dollars in the county.

A communication from the San Carlos Fire District stating that the sum which would be necessary to carry on the work of the district would be $1750 was referred to the county auditor.

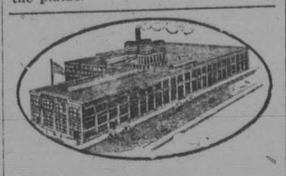
At this meeting the board took up the hearing a petitions for licenses to sell soft drinks in the county. An application of Pat Howland was laid over owing to his failure to appear. Daniel Lopez was granted permission to move across the highway from his place at Five Points. W. S. Quesenberry was granted a permit. John Whalen of Colma was continued owing to the absence of Supervisor Hickey. John Raiston of Pescadero was granted a license and the application of N. Doukas of Colma was continued a week owing to his failure to be present.

A map of Oak Park was presented to the board by George A. Kneese and a letter from the Redwood City Planning Commission approving the map was read. The map was accepted. A map of San Mateo Park was also presented by Kneese and accepted by the board.

The board voted to raise the salary of Miss Florence Boggs of the Social Service Commission from $175 to $200, and to raise the salaries of the gardeners and janitors of the courthouse grounds each $15 per month.

Badgers' Work a Menace

Badgers spend most of their time digging out the burrows of the flickertail or ground squirrel and feasting on the fat occupants. Thus, while doing the greatest service to the ranchman their big burrows on the prairies are a menace to every horse and rider on the plains.



Cleaning Without Odor by the

F. Thomas *Process*

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded bp our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. t is little better than ordinary distillate and leaves a sickening gasoline smell in your clothes.

THIRTY YEARS AGO
From the Times-Gazette of July 6, 1985

A juvenile correspondent sends the following account of a recent social gathering:

"A pleasant party was held at Mrs. McNulty's last Friday evening. It was a surprise party for her daughter Minnie. We all enjoyed ourselves, but the best of the party was the supper. We danced, played postoffice, clap-in-and-clap-out, kiss the pillow and many other games, but those were the principal games because they were all kissing games

"The party was given by Claud McCusker, Ella McNulty and Katie Narr.

"The following were present: Parker Townsend, Claud McCusker, Katie Narr, Frank Pettis, Olive Joyce, Chase Stafford, Annie Tribolet, Cester Lovie, Bert Leahy, Ella McNulty, Omar Doyle, Dagmar Hynding, Frank Barry, Mamie Murphy, Katie McNulty, Fidella Knight, Edna McNulty, James Nealon and Johnie Grimmenstein."

The increase of $2,152,213 of assessable property was reported by Assessor Hayward this year. The sum of $19,000 was collected on personal property and paid into the county treasury. This is the largest amount of personal property tax collected for a number of years. This is largely due to the distribution of the Kohl estate at San Mateo. Over $17,000 were paid on this vast estate.

The finny denizens of San Andreas will be much distrbed tomorrow, for a party of anglers composed of County Assessor Hayward, Tax Collector Granger, Will Price, Geo. Uhl, Jack Genochio, Still Sears and Claud Fox will leave this locality for the lake with the determination of making the best catch of the season.

The families of John Dielman and Lon Cook start today for La Honda on a four weeks' camping trip.

Country's Smallest Town

Lewiston, Wyo., an abandoned government station where pony express riders changed mounts in the early days of western wilderness, is said to have the distinction of being the smallest town in the United States. In a recent communication to the General Electric company broadcasting station, Denver, Roy Griswold writes that the two lone residents, counting himself, comprise the total population.

Natural Supposition

The fair, but inexperienced angler on her first fishing trip cast into the swirling pool and promptly felt a vigorous strike. She shrieked delighted-ly and the guide came dashing to the rescue. "What is it?" he cried. "A salmon?" The fair angler glanced over her shoulder. "Y-y-yes," she stammered. "I s-s-suppose so. At least, that's w-w-what my fishing license c-c-calls for!"

POPPIES NOT POPPY JUICE SHOULD GROW IN A GARDEN

Jau Gow raises flowers for a living in his little garden in Hillsborough and for many seasons flowers have come on gone on Jau's bushes. Jau has grown poppies, too, and never got into trouble for that, but now he can't make up his mind. Federal agents who have arrested Jau Gow seem stubbornly to insist that even though poppies belong in a garden that popy juice in cans does not, and Jau Gow must tell how eight packages of opium came to be buried in Jau's garden.

Now the reason that Jau can't make up his mind in this—he must either tell how the opium got into his garden or be sent back to China, the land he left many years ago. Jau does not want to return to China, but yet he does not wish to carry on tong war with himself on one side and a whole ring of opium smugglers on the other. So now Jau is being held by the federal agents who are waiting for him to decide.

NEWS OF MENLO PARK

James G. Mason returned during the week from a two weeks' sojourn in the Yosemite Valley with friends. He had a delightful time in that wonderland where he met many former residents of Menlo Park.

Mr. J. Campbell and family who have resided in Menlo Park for the past three years, moved ot Palo Alto during the week to permanently reside.

H. A. Chandler, the local merchant, has opened a branch grocerteria at Mayfield, or rather South Palo Alto.

The ta'k of the Southern Pacific Rilroad Company electrifying the road between San Francisco and San Jose has again been revived and this has stimulated the sale of realty in this community. Many inquiries are being made daily by San Francisco home seekers who are desirous of settling here. It is said that the proposed electric line would land passengers from San Francisco to Menlo Park in thirty minutes. If this be true there would not be enough property here to supply the big demand that would certain to be made upon the community. However, now is the time to buy realty in this favored locality before the advent of the long looked for electric line. Realty bought in Menlo Park now will bring rich returns within a few years.

The many friends of Charles Holbrook, who will have reched his ninety-fifth milestone at his next birthday, will be pained to learn of his illness. Life of the aged man is ebbing rapdly and it is feared he has not many months to live. Mr. Holbrook is one of the best known and most beloved citizen of the state. Owing to his illness the family did not move to the suburban home this summer.

Miss Pearl McCormick is enjoying her annual vacation in southern California. Miss McCormick is connected with the Social Service bureau at the court house in Redwood City.

The county traffic squad, headed by the chief, James Logan, on Monday evening held up the automobiles passing at this point to ascertain if they were carrying illegal lenses. Eighty-seven automobiles were found to have defective lense and the driver of each car was directed to appear before the justice of the peace of the Third township where he will most likely pay a fine of $5 as this is the amount agreed upon by all the judges for the offense. The public has been warned for the past two years to attend to its lights on machines and it has not been heed by many.

The home of C. A. Jones on Park Lane and Valparaiso avenue, Menlo Park, was destroyed by fire Friday. The family had left the house early in the day, leaving a fire in the kitchen stove, where the building is presumed to have ignited. The fire was discovered by a passerby. Damage of $2000 is offset by insurance to the extent of $800. The fire department arrived ealry but could do nothing to save the building.

L. H. Cook of Menlo Park, president of the Menlo Park Improvement Association, left this week on a two weeks' stay at Los Angeles. Mr. Cook resides in Stanford Park.

Mr. and Mrs. William Moore have moved to San Francisco. Mrs. Moore took an active interest in the P.-T. A. serving one term as secretary.

Charles Murray motored up from Long Beach to spend his vacation with his father here. Mr. Murray is engaged in the oil business in the south.

Iverson Dixon of Palo Alto and an expert tonsorial artist has secured permanent employment at the Crystal barber shop. Mr. Dixon has leased a pretty home on Santa Cruz avenue and has moved his family there.

Edward O'Shaughnessy has purchased one of the Slinger bungalows on Santa Cruz avenue to which he moved yesterday. Mr. O'Shaughnessy is employed at the Little Green Door. He is to establish a neat garden at once so that the residence will be one of the most attractive on that rapidly growing street.

Francis Feeley, who left a short time ago for Alaska, has written his parents here that he is enjoying his trip in the north and is delighted with the country, and its unsurpassed scenery. Young Feeley graduated from the high school at Redwood City last June.

E. C. Williams and wife left on a motor trip to the east last week. He has leased his beautiful home at Menlo Oaks for three months to San Francisco parties. Mr. and Mrs. Williams will motor through Canada and down through the pine woods of Maine, landing at their old home near Boston, where they will tarry for some weeks meeting friends of their school days.

The Bernards of Atherton are entertaining their grand-daughter from Eureka. The little Miss will spend the summer months with her grandparents.

Mrs. Frank Maloney and children have taken a cottage at La Honda and will spend a month under the tall redwoods and shady nooks of that delightful community.

Look out for the Big Butter and Egg Man who loves wide open spaces today. The important individual will be here from La Honda.

Three men, masked with white handkerchiefs, attempted to hold up the Menlo barbeque stand Monday night, according to a report made to the sheriff's office by the proprietor, Georie Condos Tuesday. The men were frightened away by passing motorists, it is believed. The attempted holdup occured at 11:30.

The Felton holding comprising 32 acres owned by Mr. Metzler, has been subdivided into one and half-acre tracts with winding avenues, graveled and attractive. This is to be a strictly exclusive tract with restrictions amounting to $7500 on each lot so that high class home seekers will come to erect attractive residences. Mr. Alliger has charge of the sales and he has employed a well known firm of real estate dealers in San Francisco to handle the sales. The tract is beautifully located surrounded by palatial homes and numerous oaks.

J. H. Heltzel and wife motored up from Los Angeles Wednesday where they have been spending a vacation of two weeks. They stopped at Santa Barbara on the way up and saw the ruins of the once proud city. Phoenix-like it will soon arise from its ashes and be bigger and more attrictive than ever. The Hetzels are planning to leave next week on a European trip by way of the Panama Canal to visit the girlhood home of Mrs. Hetzel in England. They expect to visit a sister of Mr. Hetzel at Virginia before returning home. They contemplate returning late in the fall.

Perry Eyre, whose recent illness has considerably alarmed his relatives and friends, is recuperating and he will soon be able to leave the Hante hospital and return to his home in Menlo Park.

A big meeting of the citizens of Menlo Park was held in the Kuck hall on Thursday evening, having for its object the incorporation of the town. J. J. Harcom delivered a rousing speech urging the people to keep up the good work and advised against the propaganda that is now being circulted by those seeking to prevent the incorporation of the town. There was much duplicity practiced on the part of some people who are against the proposition but he stated that the truth would prevail in the end and the town would ultimately be incorporated. Miss Kimball who recently bought the Birch place in town, spoke eloquently on behalf of incorporation, saying that she had a friend visit here from Berkeley recently and was shocked when told Menlo Park was not incorporated. Miss Kimball grew eloquent in telling of the beauties of Menlo Park. Miss Noel made the statement that a gentleman from Oakland intending to buy property here this week left immediately when told the town of Menlo Park was not incorporated. Chairman Becker announced that the next meeting would be held on Thursday evening, July 23.

GONE TO SUMMER HOME

Mr. and Mrs. Bryant Pagen have gone to their summer home at Rio Nido for a two weeks' vacation and have taken the Misses Helen Heiner, Genevive Nicholson, Claire Foley, Margaret Heiner, Marie Pauline O'Connell and Dorothy Chilcott as their guests. The party left on Monday for the Russian river.

RAMON NOVARRO HEADS FINE CAST IN "THE RED LILY"

Ramon Novarro has achieved another personal triumph in his new picture, "The Red Lily," the Metro-Goldwyn-Myer production directed by Fred Niblo, which will show at the Sequoia theatre on Broadway, next Friday.

Audiences everywhere are greeting America's new screen idol in his new role with every sign of approval and delight.

In this picture Novarro plays the part of Jean Leonnec, a wealthy son disinherited by his father and cast into the underworld of Paris, where in the course of time he turns thief. In such a role Novarro is at his best. He appears first in the luxurious surroundings of a palatial home located in a Brittany village, where he has fallen in love with Marise, the daughter of a shoemaker, played with infinite charm and appeal by Enid Bennett. It is this innocent love affair which leads to the eviction of the couple from the town by Jean's infuriated father.

In the scenes in Paris, where the couple lose each other, Ramon appears in the picturesque garb of an Apache, and plays this dashing role with the characteristic touches of ironic humor and unexpected flashes of nerve which have made his irresistable to his audiences everywhere.

Enid Bennett as Marise does the best work of her brilliant career. She makes of Marise a wistful and very real figure, rising to the heights of true art in the scenes wherein she gives herself up in despair to the worst side of the underworld life.

The final reunion of the lovers makes a climax of unutterable suspense. The man's rage and anguish on finding that a sodden woman he has encountered on the streets is the lost sweetheart of his youth for whom he has been looking for so long; his brutal blow; her rescue of him from the police—these incidents could not be shown in more graphic thrilling fashion. Fred Niblo has made of "The Red Lily" one of the finest pictures of the year. The direction is subtle and telling throughout.

Federation

"TO form a more perfect union" was the animating thought of the statesmen who met to draft America's constitution. Their problem was to weld the sections they represented into a political entity that would function most efficiently and enduringly in the service of the people.

A similar problem was presented nearly a century later to the organizers of America's telephone service. Licenses under the first patents were being granted to isolated companies that were forming to introduce local service. "A more perfect union" of these companies seemed, from the beginning of the telephone's adoption by the people, to be essential, and so the structure of the Bell System was planned.

This organization exists today substantially as it was then conceived—a group of companies, each preserving its individuality and applying local knowledge to local needs, but all federated into a single cohesive union in order that nation-wide, universal service may be provided.

We want your Gas Service to be Satisfactory

If you notice the Gas Pressure low in a particular burner, light others to be sure the fault is not with the first burner. If the pressure is poor notify the Company without delay and a service man will be sent to remedy the trouble.

Lack of pressure is sometimes due to improper piping. Many buildings are piped for limited use of Gas and low pressure results when the number of appliances is increased.

Low pressure is very often due to clogged house pipes. When the Gas service man discovers this condition, it is sometimes possible for him to clear the pipes, and he will do this whenever possible. If necessary, he will advise you to call a plumber.
